

2009 Microsoft Dynamics Reseller of the Year for Canada

"We are thrilled to have Vox ISM as a partner. We have a lot of confidence in their capabilities..."

- In 2006, Vox was chosen as the CRM World Wide Partner of the Year,
- In 2007 again the CRM World Wide Marketing Partner of the Year,
- In 2008 again the Dynamics NAV 2009 Canadian Launch Partner,

and just a leading partner organization in developing solutions on our platform, helping customers achieve their objectives, helping customers do it in an on-time on-budget way, & bringing superior solutions.

I could not be happier to have Vox as a partner, and I think you will see the same thing as well."
